Dear President Gervin:

The Committee on Substantive Change of the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges met June 30-July 1, 2011 to review the Substantive Change Proposal Addendum from Columbia College to offer 19 Associate degrees and seven certificate programs (attached) at 50 percent or more via a mode of distance education or electronic delivery.

The Committee acted to approve the Addendum and thanks the College for submitting the additional information requested regarding budget planning, program sustainability and student support services.

On behalf of the Commission, I wish to express continuing interest in the institution's educational programs and services. It remains the College's responsibility to inform the Commission of any program change. Professional self-regulation is the most effective means of assuring integrity, effectiveness and quality.

Sincerely,

Susan B. Clifford, Ed.D.
