# Teaching, Learning and Community (TLC) Report

By: Marcus Whisenant

Greetings from T.L.C.

We hope that finals week is treating everyone well. Academic Senate President [Pam Guerra-Schmidt](#) has put the call out for a TLC Co – Facilitator. Please email her privately by May 5<sup>th</sup> if you have any interest or questions.

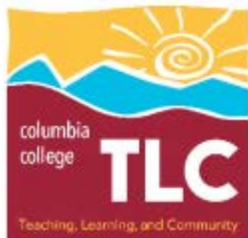

Coffee with your Colleagues will continue through May. Please stay tuned for more the dates and times.

TLC has been working on getting budget approval for TTKL's in the Fall as well as other campus wide professional grow opportunities. We will be putting together our plans and "theme" for the fall semester in the next month or so. Once these plans are in place, we will make the announcements.

A quick reminder that there are professional development activities that have been approved for flex credit. You can access your [flex account](#) for more information.

Enjoy the break!!

Until next time.  
Your T.L.C. crew.

The **mission** of the **Teaching, Learning, and Community Initiative** is to promote excellence in teaching and learning across the entire college community: students, staff, faculty, and administration, in an ongoing climate of growth and improvement.
