MODESTO JUNIOR COLLEGE and COLUMBIA COLLEGE PRESENTATION - SCORECARD

James Todd, Vice President of Student Services and Brandon Price, Associate Dean of Student Equity and Success will present their respective college's Student Success Scorecards for 2015. The California Community Colleges Board of Governors established this annual performance measurement system that tracks student success at all 113 community colleges. The Scorecard tells how well colleges are doing in remedial education, job training programs, retention of students, and graduation and completion rates. Columbia College and Modesto Junior College use the data to measure progress in narrowing of achievement gaps and institutional effectiveness.

4. REPORTS AND INFORMATION ITEMS

4.1 Modesto Junior College and Columbia College Presentation - SCORECARD

Brenda Thames, MJC Vice President of Instruction and Brandon Price, Associate Dean of Student Equity and Success presented their respective college's Student Success Scorecards for 2015. The California Community Colleges Board of Governors established this annual performance measurement system that tracks student success at all 113 community colleges. The Scorecard tells how well colleges are doing in remedial education, job training programs, retention of students, and graduation and completion rates. Columbia College and Modesto Junior College use the data to measure progress in narrowing of achievement gaps and institutional effectiveness.

The Board was directed to the Scorecard Data on the College Websites and instructions were given as to how to find the Scorecard data for each college in the community college system in California should someone want to see it. Outcome slides were presented. Columbia College and MJC remediation rates were shown and compared with the state rates. Persistence rates were shown as well. Momentum points, completion rates, degree and transfer outcomes were presented and also career technical education outcomes. It was reported there has been a steady rise in course completion between 2009-2010 and 2014-2015. Award counts were up significantly. VP Brenda Thames reported MJC has invested greatly in Math over the last 6 years and they are seeing good results.

Members of the Board of Trustees engaged in discussion with the presenters including questions and answers regarding concerns as to why there was no data from 2013 or even more recently. Associate Dean Brandon Price reported the data is collected and goes to the State Chancellors Office. It was reported schools were trying to meet the mandate; however, next fall the data will be available at the State Chancellor's Office website, the belief now being that it is better to keep data all along the way, rather than every six years. He reported CCC offices Data Mart is a better place to see the results and more recent data than Scorecard. Trustees inquired about the meaning of several acronyms: SAC and ASOE. Mr. Price responded that SAC is Skills Attainment Certificate, and ASOE is AS in Occupational Education. The Board suggested that a key be provided so they are aware of meanings of the acronyms used in the reports.

4.2 Accreditation Update

Columbia College Vice President of Instruction Brian Sanders and MJC Vice President of Instruction Brenda Thames gave the Accreditation updates.
