Dear YCCD community:

My next confab will be Monday, May 7, from 4:00 to 6:00 p.m., at Camp 4, located at 1508 10th Street (@ 10th & Needham). I've reserved some tables in The Annex, Camp 4's back room.

As a trustee candidate in Area 6, I promised that I would hold frequent "office hours" (see below for my responses to questions from former Bee reporter Nan Austin). Former trustee Paul Neumann held frequent "office hours," and I'm honored to continue his tradition of providing an avenue for casual and open conversation. Please consider this an open invitation to ALL employees, students, and community members. Although I took some time off because of a vacation followed by my mother's sudden illness and passing, I am eager to resume these monthly sessions.

Our accreditation Institutional Self-Evaluation Report (ISER) states under Standard IV.C.4, "Trustees engage with local communities across the Yosemite Community College District. As individuals, and collectively, they receive a wide range of input from community and constituent groups in informal settings and at Board meetings." These casual meetings are one way in which I try to receive that "wide range of input."

I want to hear what community members, students, staff, and faculty (full-time and adjuncts) think about where we are and where we're going, so that my votes on issues before us are as informed as possible. At the same time, as one trustee among seven, I cannot make any promise beyond that I will LISTEN and take any ideas or viewpoints back to the Chancellor and Board for possible further discussion.

I hope that if you're free Monday afternoon between 4 and 6, you'll stop by and visit. And if you can't make it -- or even if you can -- please always feel free to email me at lesliebeggs@att.net

Cheers,

~Leslie Beggs

Thank you so much to all who came by last evening to my "Cheese & Chat" gathering at Camp 4! Our wide-ranging conversations were so engaging we went almost an hour over!
