

Columbia College/Modesto Junior College

Intradistrict Equivalent Courses 2019-2020

The Yosemite Community College District is home to two community colleges, Columbia College (CC) and Modesto Junior College (MJC). That means that some of Columbia's courses are considered "equivalent" to courses offered at Modesto Junior College. If you have taken courses at either school and wish to take courses at the other, see the course crosswalk below. This list is subject to change. See the Articulation Officer in the Counseling Office if you have questions about course equivalencies between the two colleges. *Please note: although this list indicates equivalent content in courses at both colleges, it does not guarantee that courses will fulfill the same transfer requirements. Please verify by seeing a counselor and using www.assist.org.*
