SLOs:**SLO #1)**

Students will attain, use, and develop knowledge and understanding on the subject of California wildlife.

Assessment Tool: Quizzes, in class midterm, takehome midterm, in class final, takehome final; End of semester course evaluation. The evaluation will assess the SLO's outlined for this course.

Analysis of Assessment Results: Students attained, used, and developed knowledge and understanding on the subject of California Wildlife. However, the need for additional comprehension and contextualization has been identified as a possible enhancement to the course. Therefore, additional technology (i.e. wildlife cameras) may be needed.

Add New Assessment Tool:
